

Sandbox Scholars Article & Research Submission Guide

1. Overview

Contribute to our growing knowledge base by sharing your research, projects, and insights with the student innovation community. We encourage submissions that empower students to innovate, create, and lead.

2. Submission Categories

We accept original content in the following categories:

- **Research Articles:** Academic research with proper methodology and findings (e.g., Case studies, Experimental results, Literature reviews).
- **Project Showcases:** Detailed documentation of student-led projects (e.g., Technical write-ups, Process documentation, Impact reports).
- **Tutorials & Guides:** Step-by-step instructional content for students (e.g., How-to guides, Learning resources, Best practices).
- **Student Perspectives:** Personal experiences and insights from student life (e.g., Journey stories, Learning experiences, Career insights).

3. Submission Requirements

All submissions must meet the following mandatory criteria:

- **Original Content:** Articles must be original work not published elsewhere.
- **Academic Integrity:** Proper citations and references following APA/MLA style are required.
- **Author Bio:** Include a brief personal introduction (50-100 words).
- **Proper Formatting:** Submissions must use our provided template with clear structure.

Additional Guidelines:

- **Length:** 500-2000 words for most articles; 2000+ words for in-depth research.
- **Supporting Materials:** Include images, diagrams, or data where applicable.

4. Formatting Specifications

- **Template:** Use the official Sandbox Scholars submission template.
- **Font:** Times New Roman or Arial, 12pt.
- **Line Spacing:** 1.5
- **Abstract:** Include an abstract (maximum 150 words).
- **Keywords:** Add 3-5 relevant keywords.

5. How to Submit

Send your complete submission via email to: sandboxscholars.team@gmail.com

Email must include:

1. **Subject Line:** Article Submission - [Your Article Title]
2. **Author Information:** Full name(s) and affiliation.
3. **Article Details:** Title and abstract (max 150 words).
4. **Category:** Specify target category (Research, Tutorial, Project Showcase, etc.).
5. **Specifications:** Word count and estimated reading time.
6. **Attachments:**
 - Article file as **.docx, .pdf, or .md**
 - Any supporting files/images.
7. **Author Bio:** Attached within the document or included in the email body.

6. Review Process & Timeline

- **Acknowledgment:** You will receive a submission acknowledgment within **48 hours**.
- **Full Review Process:** Typically takes **2 weeks**.
 - **Initial Review (3 days):** Format and basic requirements check.
 - **Content Review (3 days):** Editorial team evaluates content quality.
 - **Peer Feedback (1 day):** Optional feedback from student reviewers.
 - **Final Decision (2-3 days):** Acceptance/Rejection notification sent via email.
 - **Publication (3-5 days):** Editing and publishing if accepted.

7. Author Benefits

- Publication certificate
- Professional editing support
- Author profile on our site
- Networking opportunities
- Portfolio enhancement
- Potential for guest speaking
